

Science at Rudgwick Primary School is outstanding when..

Our curriculum is engaging and lessons are full of talk and discussion

It is exciting, memorable and makes the children go WOW!

We create opportunities for children to be the scientists

Children ask questions and show curiosity about the world around them

Learning makes links to real life and is purposeful

Discovery is led by the children

We encourage children to take risks and make mistakes

It is cross-curricular

Science lessons are practical and hands-on
